### Thanks to the Australian Government

Students from our school will soon be undertaking, an educational tour of the national capital. While on this tour they participate in a variety of educational programmes focused on Australia's history, culture, heritage and democracy.

The Australian Government recognises the importance of all young Australians being able to visit their National Capital as part of their civics and citizenship education. To assist you in meeting the cost of the excursion the Australian Government is contributing funding under the Parliament and Civics Education Rebate (PACER) programme toward the travel expenses incurred. The government contribution plus your payment will totally cover the cost of this excursion

We would like to thank the Australian Government for their support of this program. We know that the excursion will be a rewarding experience for all students.
